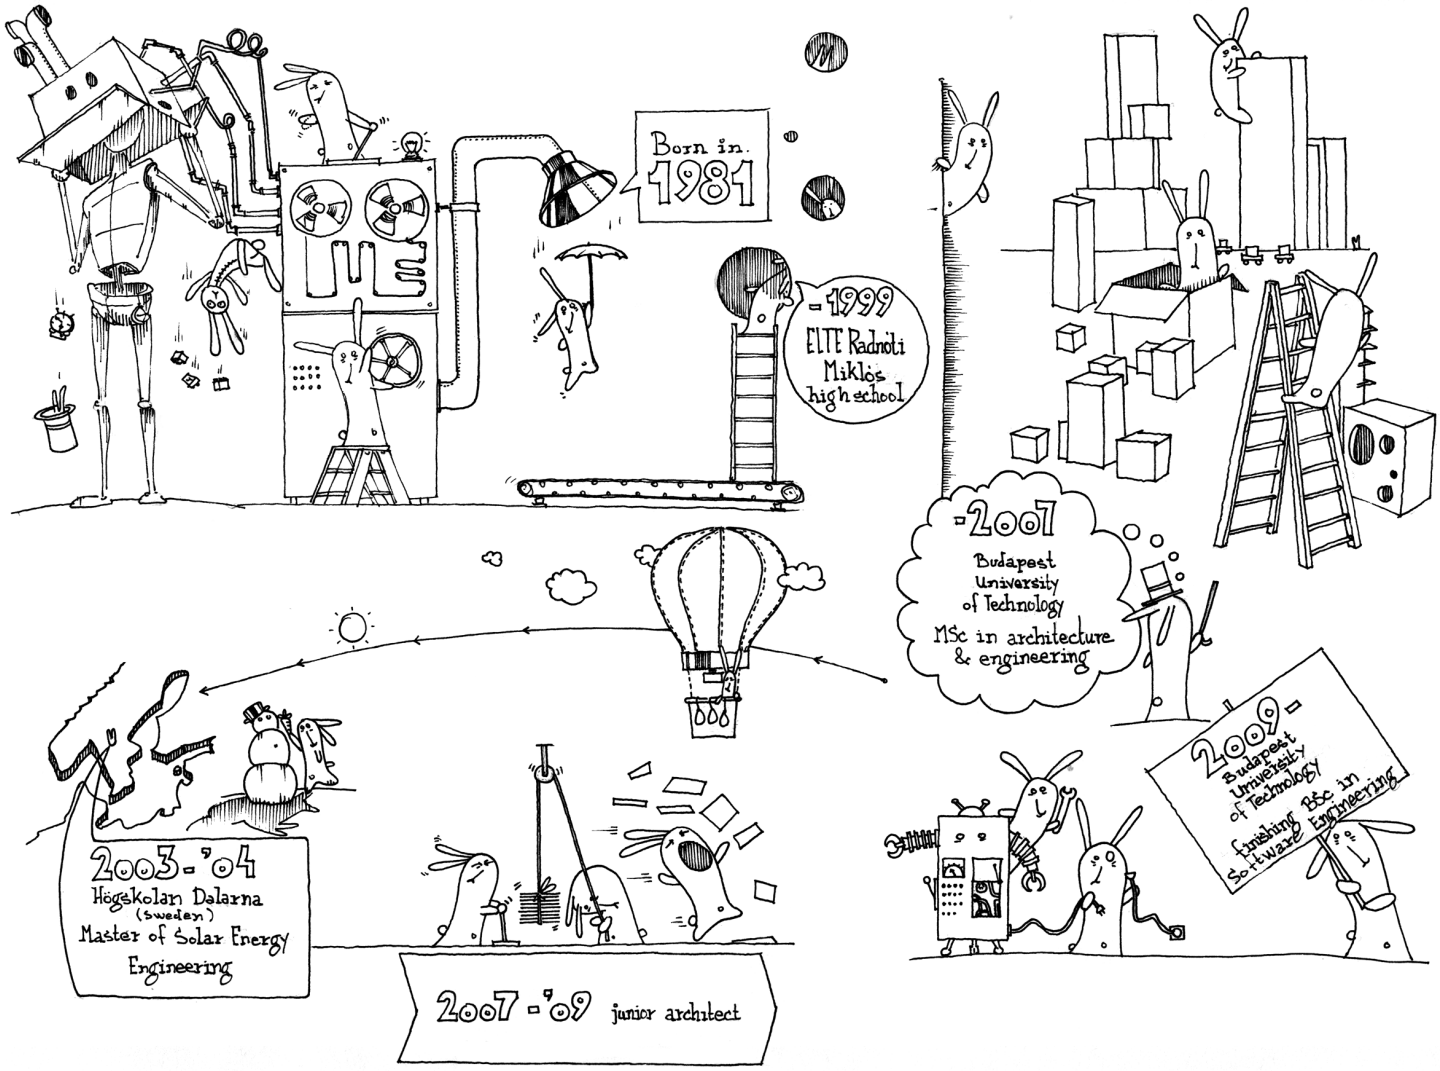
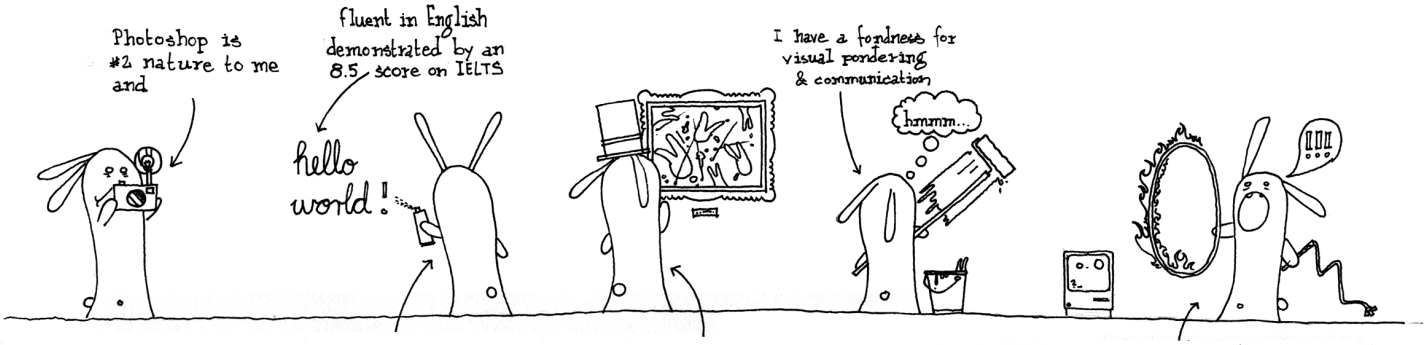
daniel.david.kovacs@gmail.com





... I find my way around Illustrator & InDesign;

I had an informal education in typography & graphic design by my graphic artist mother (I'm really good, ask her!)

I have a strong sense of esthetics

and an interest in gorgeous & easy to use interfaces

I have a decent command of Java, C/C++, Javascript, I enjoy tinkering with assembly languages, and I am always keen to learn new tools

Dániel Dávid Kovács

Curriculum Vitae

Born

7th April, 1981.

Studies

–1999.	ELTE Radnóti Miklós High School
–2007.	BME Budapest University of Technology, Master of Science in Architecture and Engineering
2003–2004.	Högskolan Dalarna, Sweden, Master of Solar Energy Engineering
2009–2013.	BME Budapest University of Technology, Bachelor of Science in Software Engineering*

**Courses completed in spring term of 2012/13*

Language Skills

Mother tongue: Hungarian
Fluent in spoken and written English - IELTS(Academic) average score 8.5 of 9 (2012)

Work Experience

2002–2007.	Summer Internships at Sáros and Partner Architects
2007–2009.	Junior Architect at Sáros and Partner Architects
–2013.	Freelance graphic design for print and web

Awards

2001.	Student Workshop, Department of Residential Building Design (with others)
2002.	Student Workshop, Department of Public Building Design (with others)
2004.	Student Workshop, Department of Urban Planning (with others)
2011.	Student's Scientific Association (TDK), Non-photorealistic rendering for Architectural Use, Honorable Mention

Research

2011.	Student's Scientific Association (TDK), Non-photorealistic Rendering for Architectural Use
2013.	BSc Thesis, Non-photorealistic Rendering with Surface Aligned Hatching

Programming skills

Good command of Java, C/C++, Javascript with a firm grasp of OO concepts
Firm insight into HTML5 and CSS3
Familiar with Git version control system
Enjoyed successfully tinkering with Erlang, SQL, Atmel assembly
Have an interest in 3D computer graphics, non-photorealistic rendering

Computer user skills

Proficient at Adobe Photoshop, good at Adobe Illustrator and InDesign
